

Our Lady of the Lake Health Celebrating a Century of Care

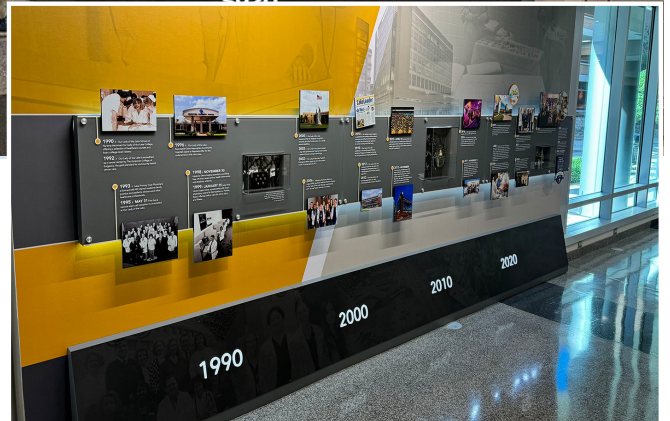

Our Lady of the Lake Health

Our Lady of the Lake (LOL) Health is a cornerstone of healthcare in the community, with a history spanning over a century. As part of the Franciscan Missionaries of Our Lady Health System, LOL provides comprehensive medical services, including specialized care in cardiology, oncology, and pediatrics.

The facility boasts state-of-the-art technology and a commitment to patient-centered care, ensuring the highest quality of service. Founded with a mission to serve those in need, LOL Health has grown into a leading healthcare provider, known for its compassionate care and dedication to improving community health.

ASI had the honor of collaborating with the LOL Foundation to create a captivating, significant Recognition Wall commemorating the remarkable century of dedication by Our Lady of the Lake Health to the community.

Service Offerings

- Design-Build
- Fabrication
- Installation

Product Applications

- ASI Intouch III
- ASI LTV
- ASI Legacy
- ASI LPP Series

About the Solution

ASI implemented a Design-Build approach, meticulously crafting every aspect of the project. The goal was to encapsulate noteworthy historic events, photographs, and artifacts that spoke to the legacy of Our Lady of the Lake Health. To ensure the preservation of delicate memorabilia, custom-built shadow boxes were expertly constructed, adding a layer of sophistication to the display.

The unveiling of the Recognition Wall marked a momentous occasion celebrated by community members and esteemed stakeholders from the health system. This collaborative effort between ASI and the OLOL Foundation stands as a powerful tribute, honoring the rich heritage of Our Lady of the Lake Health and creating a visual narrative that bridges the past with the promising future of healthcare.
